

18th August 2014

TO WHOM IT MAY CONCERN

This is to certify that the Turnkey Job comprising design, engineering, manufacture, supply and erection, testing & commissioning of the complete Fire Protection System including detection and alarm system, for 2x250 MW units of Budge Budge Generating Station was awarded to Technico (India) Pvt. Ltd. (vide our order nos. PRBB: PRJM: 8781 dated 25.03.95 and PRBB: PRJM: 10008 dated 07.6.95).

Technico (India) Pvt. Ltd. had completed the Job as per agreed time schedule and commissioned Unit I in March 1998 and Unit II in December 1998.

The Fire Protection System comprises of the following:-

6. Fire Water Pumping and Pressurising System.
7. Fire Hydrant System for the entire plant area.
8. Automatic HVW Spray System for transformers.
9. Manually operated HVW Spray System for turbine oil tanks, purifier, burner floors of boilers.
10. Fire Detection and Alarm System.

The above systems are running satisfactorily as on date.
